# Cricket Australia Community (Level One) Coaching Course

Cricket Australia's Community (Level One) Coaching Courses is a comprehensive and enjoyable program. It is directed towards coaches at under-age and community cricket level who wish to broaden their knowledge of the technical skills of the game, understand appropriate and effective ways to conduct sessions and gain an awareness of the factors motivating young people to play and enjoy cricket.

The course is designed to improve individuals as coaches. Candidates should approach the course with an attitude of seeking to discover more about themselves, about the game of cricket and most importantly about the ways in which they can facilitate the improvement of their players through their role as a coach.

It contains practical and theoretical components. The practical component is conducted over eight hours (face to face), usually on one day of a weekend or over two evenings during the week. This covers all basic batting, bowling, fielding and wicketkeeping skills, together with modified games and activities.

The theoretical component is covered by the Cricket Australia Introduction to Cricket Online Course and is completed prior to the practical component of the course.

Successful candidates receive several high quality coaching resources including:

- Australian Cricket Coach manual.
- The Cricket Australia Coaching Guide CD-ROM.
- Cricket Activities Booklet.
- Cricket Coaches Australia hat.
- Membership to Cricket Coaches Australia and access to a variety of free online coaching resources.
- Eligibility to attend further WACA coaching workshops to continue their personal development.

***The course fee for a Community (Level One) Coaching course is $120***

The list of upcoming Community (Level One) Coaching Courses is located below. If you wish to attend one of these courses please download the application form below. All of the information on how to secure your spot on a course is detailed on the form.
